

Byte Bandits Of America

Newsletter

January, 1986

THE BYTE BANDITS OF AMERICA -TRS-80'S-
COMPUTER CLUB WISHES TO EXTEND TO ALL
IT'S GUEST'S AND MEMBERS "A PROSPEROUS
NEW YEAR" HAPPY 1986

AS WE CONTINUE FORWARD INTO THE COMPUTER
ERA, WE SHOULD LOOK FORWARD TOWARDS. HOW
TO MAKE THE COMPUTER WORK FOR US.....LIKE
STARTING AGAIN BALANCING OR KEEPING TRACK
OF THE BILLS EACH MONTH, OR SENDING OUT
LETTERS THOSE LETTERS TO THE RELATIVES
THAT WE PROMISED THEM WE WOULD WRITE. OR,
HOW ABOUT LESS TIME AT THE COMPUTER AND
MORE TIME FIXING THINGS AROUND THE HOUSE
OR ON THE CAR? I KNOW EVERYONE WITH
CHILDREN WANTS TO TEACH THEM HOW NOT TO
MESS THINGS UP AROUND DADDIES
COMPUTER?YES, AND MAYBE IT'S TIME TO
TEACH THEM HOW TO USE THE COMPUTER?
GOD FORBID MAYBE EVEN MOM? WELL, YOU
COULD TRY TO FIGURE OUT YOUR INCOME
TAXES THIS YEAR!

HAS ANYONE FOUND A LOCAL STORE THAT
SELLS TRS-80 PROGRAMS AND HARDWARES?
SCARCE AREN'T THEY? WHERE IS EVERYBODY
BUYING? IS ANYONE BUYING? I'VE BOUGHT
MOST OF MY PROGRAMS FROM THE MAIL ORDER
HOUSES. MAYBE WE SHOULD POST A LIST OF
STORES, OTHER THAN RADIO SHACK, THAT SELL
TRS-80 PROGRAMS AND OTHER ACCESSORIES.

HOW ABOUT THOSE NEW COMPUTERS COMING OUT
IN 1986? DO YOU PLAN TO BUY ONE? DO YOU
REALLY NEED TO BUY ONE? IS YOUR COMPUTER
OUTDATED OR ARE YOU USING OUTDATED
PROGRAMS? CAN YOU AFFORD A NEW
COMPUTER? THESE QUESTIONS MAKE SENSE
WHEN YOU ANALIZE YOUR CASH AND YOUR
DESIRES. THE REASON I ASK THESE QUESTIONS
TO THOSE WHO ARE GOING TO BUY IS: MOST OF
THE OLDER COMPUTERS OPERATE MORE
PRODUCTIVLY THAN THE NEWER COMPUTERS.
MOST OF THE COMPUTER USERS COULD IMPROVE
THEIR OLDER COMPUTERS BY PUTTING A FEW
DOLLARS INTO PROGRAMS OR EQUIPMENT. A LOT
LESS THAN A NEW COMPUTER COSTS. MOST
COMPUTER OWNERS COULD LEARN A LOT ABOUT
THE BETTER PROGRAMS AND HARDWARE FROM
OTHER CLUB MEMBERS AT THE CLUB MEETINGS.
ANYWAY, BEFORE YOU SELL THE OLD
COMPUTER, THINK ABOUT THE INVESTMENT.

REMEMBER!!!THE PROBLEMS DON'T GO AWAY,
THEY JUST BECOME MORE EXPENSIVE TO
SOLVE.

REMINDER!!!!
DUES FOR THE CLUB ARE A NEW
REQUIREMENT!!!!
\$25.00 PER YEAR

!!THE BBS SYSTEM WAS REFORMATTED SO WHEN
YOU LOG ON TO IT GET A NEW PASSWORD AND
THEN GO TO THE TRS-80 SECTION. IF YOU
HAVE TIME, UPLOAD OR DOWNLOAD SOMETHING.
YOU CAN EVEN LEAVE A FEW MESSAGES IF
YOUR REALLY BORED.

WE ARE LOOKING FOR SOMEBODY WHO IS USING
RADIO SHACKS LINE PRINTER S. I HAVE SOME
OTHER CLUB MEMBER WHO NEEDS THE PAGES
SHOWING THE DIP SWITCH SETTINGS. RADIO
SHACK DOESN'T HAVE THAT BOOK AT THE
COMPUTER CENTER. CALL ME OR BRING A COPY
OF THAT PAGE WITH YOU TO THE MEETING.
DO YOU KNOW WE HAVE A 5HZ SCOPE IN THE
CLUB? IT'S AVAILABLE FOR ELECTRONICS
PROJECTS.

THERE ARE SOME VIDEO TAPES THAT
BELONG TO THE CLUB TOO. THEY TEACH
USAGE OF VISICAL-SCRIPTSIT-AND PROFILE.
THESE CAN BE CHECKED OUT AT THE
MEETINGS...

IF YOU WISH TO IMPUT ARTICALS ECT. TO THE
NEWSLETTER, DROP IT OFF AT THE MEETINGS.
IF YOU WISH TO RUN THE NEWSLETTER, LET ME
KNOW. YOU CAN USE THE IBM FOR YOUR PRINT
COPY.

SHOULD YOU WISH TO USE THE CLUB'S IBM
CLONE COMPUTER LET ME KNOW BY CALLING
408-379-2774. REMEMBER IT DON'T LEAVE MY
HOME.

IF YOU'RE GOING TO LOOK FOR NEW PARTS
AND HARDWARE FOR YOUR MODEL I OF III, YOU
MAY WANT TO SCAN "80-MICRO". ADS FROM
"MONTEZUMA MICRO" OR "AEROCOMP" SHOW
HARDWARE NOT FOUND LOCALLY OR THRU RADIO
SHACK AND THE PRICES ARE O.K. THERE IS A
COMPANY AD IN "NUTS AND BOLTS" THAT HAVE
MEMORY UP-GRADES, ETC. ALSO.

I WAS AT THE SNAP MEET AT SANTA CLARA
FAIRGROUNDS LAST MNONTH AND SAW A MODEL
I FOR SALE FOR \$400.00. THAT OLD MACHINE
RUNS COOL AND HAS MORE POWER THAN THE
NEW MODELS. DID YOU KNOW THAT THE OLD
MODEL I PROGRAMS ARE BEING ADAPTED BY
THE NEW COMPUTER PROGRAMMERS AND
THEY'RE BEING SOLD AS THE LATEST NEW
PROGRAMS? WE HAVE SOME OF THE OLDEST
(NEWEST) PROGRAMS ON THE MARKET - AND -
THEY'RE BUG FREE.

THE MODEL 3, 4, AND 4P ARE ALL USING THE SAME PROGRAMS AND WHEN YOU SWITCH DRIVES YOU'RE REALLY OPERATING AS THE SAME MACHINES. THE NEW MODEL 4'S ARE USING DOUBLE SIDED 80 TRACK DRIVES. THE MODEL 3 SIDE OF THE MODEL 4 COMPUTERS NOW CAN EASILY USE THE MEMORY IN THE MODEL 4. THEY ARE STUCK USING "TRSDOS" (ALL 20 VERSIONS) - OH WELL! THE 4P IS STILL WORKING NORMALLY. MAYBE THESE MACHINES WILL ALL UNITE UNDER CPM.

BOO! THIS IS REALLY A HARD SECTION TO WRITE ABOUT, IT'S LIKE REWRITING THE OLD MODEL 1 ALL OVER AGAIN. NEW PROGRAMS - NEW HARDWARE - MORE AND MORE BUGS! YES, THAT IS THE IBM COMPATIBLES WORLD. WE DO HAVE SOME MEMBERS WHO REALLY LIKE THE RADIO SHACK WORLD OF IBM. THEIR SUPPORT OF THIRD PARTIES SOFTWARES MAKE IT EASY TO COMMUNICATE WITH THEM, AND - NO MORE "TRSDOS" TO DRIVE THE "MS-DOS" USER CRAZY!

DID YOU KNOW THAT WITHOUT A D.M.A. CHIP, RUNNING IN THE IBM WORLD IS IMPOSSIBLE? THE MODEL 1000 DOESN'T HAVE ONE THAT IS USABLE WITH IBM PROGRAMS? "BEWARE" THAT MAKES IT A RADIO SHACK ONLY MACHINE AND, ALONG WITH ITS 10 INCH BOARDS, IT'S TURNING INTO A REAL LOSER.

THERE IS A NEW MODEL SNEAKING IN UNANNOUNCED. IT'S THE MODEL 3000. IT LOOKS LIKE A MACHINE THAT WILL FIT BETWEEN THE 1200HD AND THE 2000. NOTHING NEW HAS BEEN ADDED OR ANNOUNCED YET. I SAW THE AD IN SUNDAY'S NEWSPAPER. HELL, I WAS IN THE R/S CENTER SATURDAY AND SAW NOTHING ABOUT IT AT ALL.

AT THE LAST MONTH'S MEETING WE INSTALLED THE "BASIC" CHIPS IN THE CLUB'S IBM XT COMPATIBLE. NEXT, WE PUT IN THE 5 MEG HARD DRIVE AND THAT WILL COMPLETE IT.

WE DID SPEND A LITTLE MONEY ON THE MACHINE. WE ORDERED THE COPY PC 2 OPTION BOARD FOR THE MACHINE; IF ANYONE WISHES TO, IT COSTS \$95.00, AND IT WILL BE A GREAT HELP IN MAKING BACKUP DISKS, ECT., SO WE DON'T KILL OFF THE ORIGINAL PROGRAM DISK WHEN WE GO IN TO MODIFY THE DISK. "DEBUG" IS THE FASTEST WAY TO DIE!

I HAVE THE NAME AND A LIST OF ORIGINAL PROGRAMS - HARDWARES FROM A COMPANY IN SAN MATEO THAT IS SWITCHING TO A BIGGER AND BETTER SYSTEM. THEY SENT ME A LISTING OF

ABOUT TWENTY MODEL 2 PROGRAMS THEY WISH TO SELL VERY CHEAP! I HAVE THAT LIST AT MY HOME IN CAMPBELL, IF YOU'RE INTERESTED.

I WAS AT THE RADIO SHACK STORE LAST WEEK AND CHECKED ON THE MODEL 600 PORTABLE. IT REALLY LOOKS GOOD. IT IS PRETTY MUCH DESIGNED LIKE THE 100, BUT IT HAS THE BUILT-IN 3.5" DISK DRIVE. THE STORE MANAGER DIDN'T HAVE ANY LITERATURE ON IT, SO I DIDN'T OPERATE IT. DID YOU NOTICE THAT IT'S ONLY 16 LINES ON THE SCREEN? THE LARGE 25 LINE SCREEN THE THE 200 USES MUST NOT HAVE BEEN A GOOD IDEA.

HAS ANYONE BOUGHT THE "PIC-DISK" ADVERTISED IN 80-MICRO? IT COMES WITH THE T-MAKER SERIES OF 3 PROGRAMS INTEGRATE INTEGRATED PROGRAMS AND AN EXTRA 32K RAM. IT LOOKS LIKE A GOOD WAY TO ADD A DISK SYSTEM TO THE 100 OR THE 200.

IS THERE ANYBODY OUT THERE WHO HAS THE 100-200 FULLY CONNECTED TO ALL THE ACCESSORIES? HAS ANYONE CONNECTED THEIR 100 DIRECTLY TO ANOTHER MACHINE FOR UPLOADING AND DOWNLOADING PROGRAMMING? WE JUST WENT THROUGH THE COMPLETE CYCLE USING THE MODEL 1 AND VIDEOTEX PLUS AND WITH MODEM 80. BOTH MACHINES FUNCTIONED WELL WITH NO INCOMPATIBILITIES.

THE MODEL 200 WAS SUCCESSFULLY ADAPTED TO AN OKIDATA PRINTER AT THE MEETING LAST MONTH. THE 82A AND THE "TEXT" WORD

PROCESSORELLTHER TOGE WORKSW

PROCESSOR WORKS WELL TOGETHER.

IT WOULD BE A GOOD IDEA TO CHANGE BATTERIES FREQUENTLY. THOSE GOOD OLD R/S BATTERIES WILL LET YOU DOWN AT THE WRONG TIMES. PUT A LITTLE STICKER TAB ON THE COMPUTER FRONT TO REMIND YOURSELF OF YOUR LAST BATTERY CHANGE.

WELCOME NEW Club Members

Meeting Scheduling:

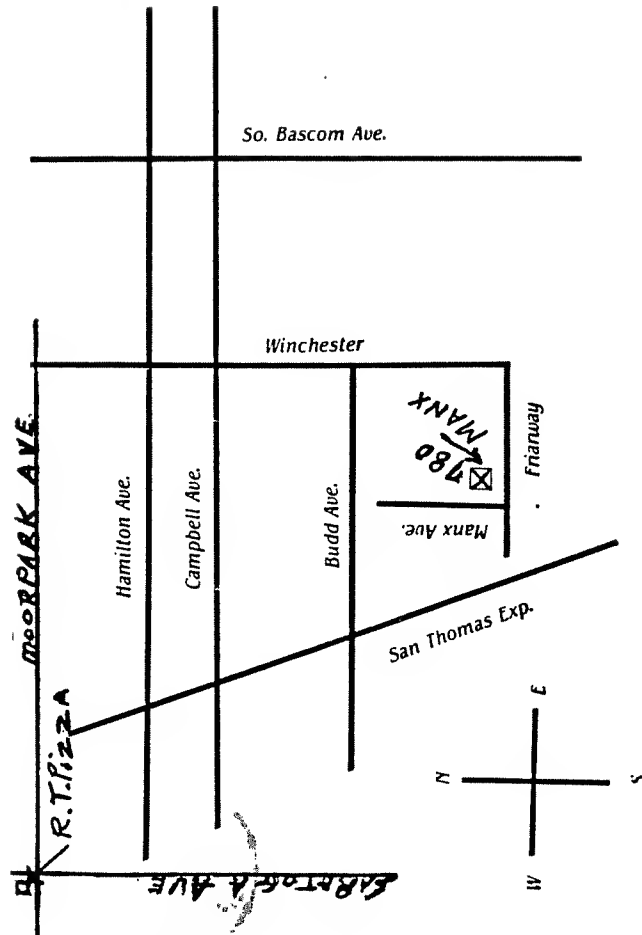

2nd Sat 1 p.m. Our House.
Workshop <Bring Computers>

4th Wed. 6 p.m. Round Table Pizza
Formal Lectures etc.

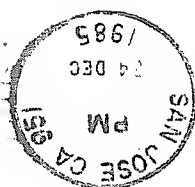

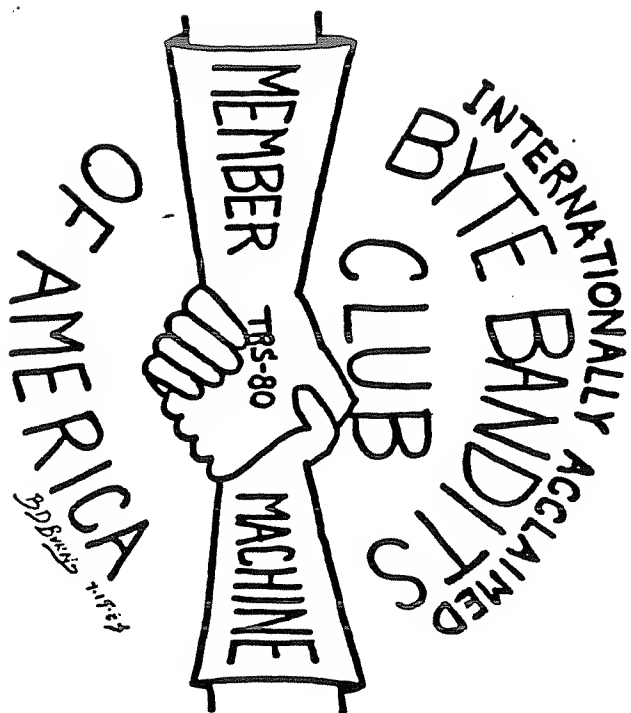

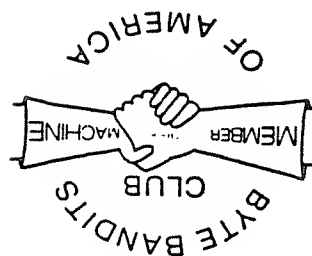

1. Membership Card Required
2. Guests : By Appointment only

INFO: 408-379-2774

B.B.S.: 408-374-3974

780 MANX AVE.
Campbell, CA 95008

This club has been established to provide its members total computer knowledge using "hands-on" application during the meetings. For better understanding of existing hardware and software in an informal—social club atmosphere.

We hope to provide members close contact between novice and amateur home computer enthusiasts; young and old, male and female, school, home, business and hobbyist.
